

INDISCON 2024

Oral Presentation Guidelines

The conference is arranged in 15-minute time slots

1. Each paper is allowed 12 min for presentation.
2. Followed by 3 min for questions. If you take more than 12 mins, there will be less time for Q&A.
3. The recommended maximum number of slides is 15, which includes title and conclusions, etc.
4. The session chair will strictly enforce the time schedule.

Poster Presentation Guidelines

Poster Size

INDISCON 2024 will provide a pin-up board that is 36 inches wide and 48 inches tall. The usable area is 39 inches wide and 45 inches tall. Please make sure the poster fits within the allowed display area. **We strongly recommend A0 sized poster (33.1 × 46.8 inches) in portrait orientation.**

Template

INDISCON 2024 is not mandating a specific template. Such templates are readily available online in both ppt and latex formats. We just insist on the following:

1. The poster must be legible from a distance of two meters.
2. Lettering in text and figures should be at least 5 mm, and the headings should be at least 10 mm.
3. The paper's title, the authors, and their affiliations should appear near the top of the poster in letters approximately 25 mm high.
4. Use high-contrast but soothing colours.
5. Print poster with a matt look. Glossy papers tend to distract in brightly lit rooms.

Mounting

The surface of the mounting board is pushpin friendly. We will provide pins.

Printing

INDISCON will NOT offer any printing service. Authors must bring the poster with them or arrange one locally on their own.
